

Primary care immunisation update webinar series 2020 – a **free** training resource for immunisers in London

Developed and provided by PHE London and funded by NHS England and NHS Improvement London

Immunisers in primary care can access **FREE** immunisation update training across 2020. The series of webinars are designed to support immunisers to fulfil the requirement for annual immunisation updates and are free to access. The webinar series has been running since September 2018 and a programme has been designed for 2020 incorporating 10 topics focused on the learning needs of immunisers in primary care. The monthly webinars will begin in February and run until December (excluding August) 2020. Immunisers are welcome to attend all webinars to achieve five hours of recorded learning in 2020 or to select webinars relevant to their practice/learning needs.

How does it work?

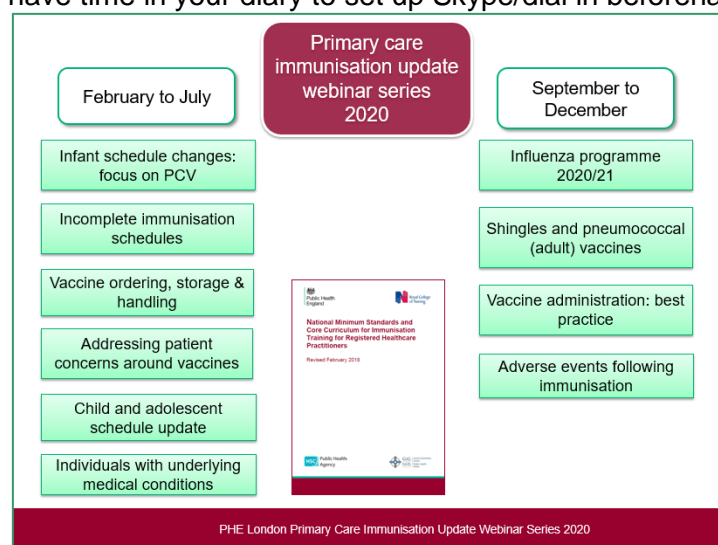

- webinars will be provided monthly featuring a specific topic, each lasting 30 minutes
- three webinars will run each month, offering a choice of date and time
- time will be allocated in each session for questions from delegates
- certificates of attendance will be sent following delegate evaluation

Who can attend the webinar?

- any competent immuniser working in a primary care setting who requires **update** training

What do I need to do?

- select the webinar/s you wish to attend and register at the links below
- each delegate must register to attend the webinar individually
- instructions on how to join the webinar (phone-in or Skype) will be sent 3-5 days prior to the webinar
- please ensure you have time in your diary to set up Skype/dial in beforehand

To book a webinar please use the links on the next page, further information on each session is provided at the booking link.
