

LONG COVID WEBINAR

An overview of Long-term Coronavirus and the COVID Pathway

This webinar is to provide clinicians with a better understanding of the long covid clinics, specialist referrals, oximetry and virtual ward options.

It will be valuable to a range of clinicians involved in patient pathways, including GPs, NELFT Community teams, BHURT Respiratory team, NHS 111 staff, PELC, emergency duty staff, and CCG colleagues

Topics featured:

- Overview of the full COVID pathway.
- Oximetry at home (primary care lead- acute phase)
- 4 to 12 weeks pathway (primary care and self-care)
- Setting out what investigations are required, referrals available and self-help options.
- Long covid – who should be referred and how and when to complete referral form.

Presenting at the event are:

- **Dr Ramneek Hara** | GP, BHR CCGs Clinical Director and Long Term Conditions (LTCs) Lead
- **Dr Manoj Menon** | BHRUT Consultant Respiratory Physician, Associate Director of Medical Education and COVID Virtual Ward Clinical Lead
- **Dr Adam Ainley** | BHRUT Respiratory Consultant General Physician and Long COVID Clinical Lead
