

# ERS Sleep Apnoea Referral Assessment service (RAS)

Select Speciality - **Sleep Medicine**

Clinic Type - **Sleep Apnoea / Sleep Disordered Breathing**

The screenshot shows the 'e-Referral Service' search interface. The 'Speciality' dropdown is set to 'Sleep Medicine' and the 'Clinic Type' dropdown is set to 'Sleep Apnoea/Sleep Disordered Breathing'. Other filters like 'Priority' (Routine), 'Gender Treated' (Male and Female), and 'Distance within' (miles of Postcode) are visible. The NHS logo is in the top right corner.

Select the Service Respiratory – Sleep Apnoea – Referral Assessment Service – King George Hospital  
(Triage Service as indicated by arrows)

The screenshot shows the 'Service Results' section of the e-Referral Service. It displays two matching services from King George Hospital. A blue arrow points to the first service, 'Respiratory - Sleep Apnoea Clinic - King George Hospital - RF4 - BHURT', which is a 'First outpatient' service. Another blue arrow points to the second service, 'Respiratory - Sleep Apnoea - Referral Assessment Service - King George Hospital - RF4 - BHURT', which is a 'Triage Service'.
